Dubai Knowledge المعرفة

Dubai Schools Inspection Bureau (DSIB) was established over 10 years ago as part of the Dubai Knowledge and Human Development Authority. Since then, it has been the driving force for improvement of the private schools in Dubai which, together, offer around 18 different curricula.

DSIB operates throughout the year with a core staff of full-time inspectors and, during the school inspection period (October to April), with a large number of Associate Inspectors. Associate inspectors and DSIB inspectors work together in teams to inspect all schools annually.

DSIB is looking to recruit a number of full-time Inspectors from the autumn term 2018.

Full-time Inspectors

Full-time inspectors are employed on three-year, renewable contracts. They take part in school inspections and lead on a range of administration roles and internal projects. They provide expertise and advice in specialist areas of education. Together they are responsible for developing all aspects of the work of DSIB.

DSIB is inviting applications from all those who feel able to contribute to the future expansion of DSIB. In particular, we are looking for leadership and expertise in the following areas:

- Early Years Education
- Science education and applied science
- Mathematics education and the application of mathematics across the curriculum
  [For these two posts a strong interest and experience in science, technology, engineering, and mathematics (STEM) would be an advantage]
- English language
- Innovation, and the use and development of technology/ICT
- Alternative pathways in education, with a particular emphasis on policy making, change management and advisory work
- Arabic
- Islamic education
- Quality assurance management

In addition, we would be pleased to receive applications from those with specialist knowledge of Indian, USA and UK curricula.

Applicants should have appropriate teaching and leadership expertise across two or more age phases. For the science, mathematics and English positions, secondary school experience would be an advantage.

Further information about inspector role can be found at:

Applications

Please sent the following documents to dsib.resourcing@khda.gov.ae :

- Your updated CV (maximum 3 pages)
- A cover letter outlining your interest in working with DSIB.
- Details of three referees – names, contact numbers and email addresses

Please illustrate how your career to date fits you to the role of a DSIB school inspector and indicate the specialist role for which you are applying.

Interviews

Initial contact will normally take place by Skype (or similar) followed by a face-to-face interview in Dubai.
