Overall Performance for NEXT GENERATION SCHOOL

Summary of Inspection Findings 2021-2022

Next Generation School started in 2016. The school is open to boys and girls from the Kindergarten (KG) 1 to Grade 9. It is located in Al Barsha 1, Dubai. At the time of the inspection, there were 1006 students on roll. Most students are of Arab backgrounds.

Mr. David Kinkead has been the principal of the school since August 2021. He is the fourth principal since the school opened. There are 78 teachers and 53 teaching assistants at the school. Approximately 18% of the teachers joined in the 2021-2022 school year.

The school provides an acceptable quality of education. While leadership is acceptable overall, it is most effective in the KG. Improvement planning is not sufficiently focused to guide improvement. Relationships with parents are positive. While governors are supportive, there are some gaps in staffing in this growing school.

Progress is good in all subjects in the KG and in Islamic education in the elementary grades. In all other grades and subjects, progress is acceptable. The progress of students of determination is acceptable. Teaching and students' learning skills are good in the KG but inconsistent in other grades. The curriculum integrates Islamic principles across all subjects but does not fully align with the New York State standards.

The school provides a safe and secure learning environment. Health and safety, and arrangements for child protection are good. Safeguarding training is extensive. Support in lessons for students of determination is inconsistent, and provision for students with gifts and talents is underdeveloped.

The next steps for the school include:

- Raising students' attainment and making teaching more effective
- Strengthening improvement planning
- Improving the leadership of the inclusion department and the support for students of determination.
