

Summary of the inspection report on

Dubai Arab American School

Publication Date of report

Month	Year
May	2009

School established for

2

years

School type	Private	Name of Principal	Mr. Ayman Fareh
Date of inspection	January 2009	Number of students on roll	931
Curriculum provided	US	Contact telephone	04 2882222

Dubai School Inspection Bureau identified:

Key strength of the school:

- Good support provided by the school nurse.

Dubai Schools Inspection Bureau requires that the school take the following action to secure further improvement:

- Work with students and parents to promote positive attitudes and behaviour for student learning and school citizenship;
- Develop a comprehensive assessment and student tracking system to inform teaching and learning;
- Ensure a stable, qualified teaching faculty;
- Provide training for teachers in the areas of classroom management and delivery of instruction to students who have limited English skills;
- Develop a process for ongoing curricular review and development;
- Provide sufficient instructional and equipment resources;
- Prepare a strategic plan for school development and introduce rigorous and effective self-evaluation processes.

Level 4: Outstanding	How well does the school perform overall?	Unsatisfactory
Level 3: Good		
Level 2: Acceptable		
Level 1: Unsatisfactory		

Next steps:

The Dubai Arab American School has to prepare an action plan indicating how they will address the main findings of the report, and to share that plan with parents. The next inspection will report on the progress made by the school.

Inspectors will monitor the progress made by the school over the next three months.

About Inspections:

The purpose of inspection

The inspection was part of a strategy to evaluate educational standards and quality in all of the schools in Dubai. The inspection covered core aspects of the work of the school at all stages. Inspectors assessed the students' progress in key subjects, in particular, Arabic, Islamic Studies, English, mathematics and science (Grades 6 -12). They evaluated important aspects of the work of the school including the quality of teaching and learning, the arrangements to protect and support students including health and safety, leadership and management and the school's capacity for improvement.

The framework for inspection

All schools in Dubai were evaluated against seven central questions based on internationally accepted research into school effectiveness. Inspectors' evaluations concluded with a final judgement regarding the overall performance of the school. In the first cycle of inspections the judgement used for every school was:

Description of inspection levels

Level 4: Outstanding quality – exceptionally high quality of performance or practice.

Level 3: Good quality – the expected level for every school in Dubai.

Level 2: Acceptable – the minimum level of acceptability required for Dubai. All key aspects of performance and practice in every school should meet or exceed this level.

Level 1: Unsatisfactory – quality not yet at the level acceptable for schools in Dubai. Schools will be expected to take urgent measures to improve the quality of any aspect of their performance or practice that is judged at this level.

More information regarding the Inspection levels can be found in the online version of the Initial Quality Inspections Handbook at www.khda.gov.ae.

Inspectors assessed the following aspects of the work of the school:

- How good is the students' progress?
- How good is the students' personal and social development?
- How good is the teaching and learning?
- How well does the curriculum meet the educational needs of the students?
- How well does the school protect and support students?
- How good are the leadership and management of the school?
- How well does the school perform overall?

What happens next year?

A full report will be provided to parents in the second year. This will include information regarding inspectors judgements on each of the quality indicators assessed.
